

Convenient mobile account access

Mobile app

Access your BenefitWallet® account on-the-go with our secure, interactive mobile app for iPhone and Android devices. Our mobile app is Touch ID enabled and allows you to view account information, call customer service, take a photo of your receipt and much more.

- View account balances and transaction history
- Easily review your contributions, claims and payment history
- Pay a provider or reimburse yourself
- Take a picture of your receipt to attach to your claim
- Upload claims documentation
- Dual-factor authentication for extra security
- Enable text alerts to receive verification codes for security
- Built-in **capture signature** feature for Dependent Care FSA provider

- Color coding to help easily recognize multiple account types (HSA, FSA, HRA)
- Tap to call the BenefitWallet Service Center
- Access BenefitWallet Resource Center for helpful educational materials, videos and tools

The BenefitWallet mobile app allows you to easily access all the same information that you would access from your computer.

Get started today

Just visit your phone's app store and search for **BenefitWallet**. Log in using the same password you use for the member portal.

We're here to help

Visit mybenefitwallet.com or call the BenefitWallet Service Center at **855.234.7722**.
